

Solo-Gel Oven Cleaner (AFCO 2601)

GENERAL DESCRIPTION

Solo-Gel Oven Cleaner (AFCO 2601) is a highly alkaline, ready-to-use, thickened liquid oven cleaner designed for removing tough, burned on greases and highly carbonized soils from ovens and smokehouses. Because it contains a proprietary blend of surfactants, AFCO 2601 rapidly penetrates burned on soil, saving both time and money.

AFCO 2601 can also be used for cleaning grills, griddles, broilers, hoods, deep fryers, and exhaust vents.

PHYSICAL PROPERTIES

Appearance	:	Clear, amber viscous liquid
Density	:	9.14 lbs./gallon
pH (as is)	:	>14.0
Viscosity (70°F - 21°C)	:	1000 centipoise

DIRECTIONS FOR USE

Oven Cleaning:

Use as is. Do Not dilute! Apply AFCO 2601 to all surfaces of oven to be cleaned. Close oven door. Heat oven to 93 - 121°C/200 - 250°F for 10 to 15 minutes.

For heavily soiled ovens, heat for 15 to 30 minutes. Allow oven to cool. Wipe clean with wet cloth or sponge, rinsing frequently.

Cleaning Grills, Broilers, Deep Fryers, Hoods, etc.:

Use as is. Do Not dilute! Apply AFCO 2601 to surface to be cleaned. Allow 10 to 30 minutes contact time, depending on soil severity.

SAFETY

Corrosive to soft metals. Do not use on soft metals such as galvanized or aluminum.

TECHNICAL DATA SHEET

800 Development Ave. • Chambersburg, PA 17201 • 1-800-345-1329 • www.afcocare.com

DANGER

CORROSIVE! Causes severe burns to eyes and skin. Use with adequate ventilation. Contains sodium hydroxide. Avoid contact with skin and eyes. Protect eyes when handling. For skin or eye contact, flush thoroughly with water for at least 15 minutes. For eye contact, get medical attention immediately. Consult the product's Safety Data Sheet (SDS) for complete safety information.
