Safe Clean (AFCO 5266)

GENERAL DESCRIPTION

Safe Clean (AFCO 5266) is a neutral, high foaming, viscous general-purpose cleaner which can be used for cleaning food processing equipment, floors, walls, cars, trucks, and most other hard surfaces.

AFCO 5266 is also excellent for the hand washing and soak cleaning of pots, pans, glassware, and utensils. AFCO 5266 can be used for manual, soak, or spray cleaning.

PHYSICAL PROPERTIES

Appearance	:	Clear, emerald green liquid
Odor	:	Minimal to none
pH (1% solution)	:	7.0 to 8.5
Density	:	8.5 lbs./gallon

DIRECTIONS FOR USE

The directions listed below are general recommendations only. It is acceptable to use this product at higher or lower concentrations depending on soil load, chemical compatibility of surfaces to be cleaned and other operating conditions.

General Purpose Cleaning of Hard Surfaces:

Use ¼ to 2 ounce(s) of AFCO 5266 per gallon (2 to 16mL/L) of water. Use for manual, spray, or soak cleaning. For best results, use warm water. Follow with a potable water rinse.

Hand Dish Washing:

Use 1 to 3 ounce(s) of AFCO 5266 per gallon (8 to 23mL/L) of warm (100-130°F/38-54.4°C) water. Follow with a potable water rinse.

Painted Surfaces (Including Truck and Automobile Exteriors):

Wash with mitt or brush with a solution of up to 1 ounce of AFCO 5266 per gallon (8mL/L) of water. Rinse surface with clean water and dry.
