

Aldie HF (AFCO 5279)

GENERAL DESCRIPTION

Aldie HF (AFCO 5279) is a slightly alkaline, high foaming oil and grease remover designed for use in the beverage, dairy, meat and poultry industries. It does not contain any caustic or chlorine. AFCO 5279 is a blend of surfactants, solvents & emulsifiers, and is ideal for the rapid emulsification of oils and grease. AFCO 5279 can be used for foam or manual cleaning.

PHYSICAL PROPERTIES

Appearance	:	Clear, colorless liquid
Odor	:	Mild
pH (concentrate)	:	8.5 to 9.5
Density	:	8.40 lbs./gallon
Foam	:	High

DIRECTIONS FOR USE

****The recommendations given below are general recommendations only.***

AFCO 5279 can be used at any concentration necessary to clean the equipment. When used on food processing equipment, follow with portable water rinse.

Foam Cleaning:

Use 3 to 5 ounces of AFCO 5279 per gallon (23 to 39mL/L) of water. Follow with potable water rinse.

Manual Cleaning:

Use 1 to 4 ounces of AFCO 5279 per gallon (8 to 31.2mL/L) of water.

SAFETY

Safe for use on all metals.
