

Power Foam CI NP (AFCO 5333)

GENERAL DESCRIPTION

Power Foam CI NP (AFCO 5333) is a high foaming, chlorinated, liquid, non-phosphated detergent specifically designed for foam and high-pressure spray cleaning of meat, poultry and food processing plants where a chlorinated alkaline foam cleaner is required.

AFCO 5333 is a complete product containing alkali's, chlorine and high foam wetting agents. This combination of ingredients is effective even at cold water temperatures. AFCO 5333 is an effective cleaner of food processing equipment where fatty and protein soils are a problem.

PHYSICAL PROPERTIES

Appearance	:	Clear, pale yellow-green liquid
pH (1% Solution)	:	11.7
Specific Gravity	:	1.13
Density	:	9.6 lbs./gallon
Avail. Chlorine	:	3.0% (Min.)
Foam Level	:	Very high and stable
Shelf Life	:	1 year

DIRECTIONS FOR USE

***The recommendations given below are general recommendations only.**

AFCO 5333 can be used at any concentration that is necessary to clean the equipment. When used on food processing equipment, follow with portable water rinse.

Consult your *AFCO/Zep* sales representative for specific use instructions.

SAFETY

Avoid prolonged contact with aluminum or soft metals.

TECHNICAL DATA SHEET

800 Development Ave. • Chambersburg, PA 17201 • 1-800-345-1329 • www.afcocare.com

CAUTION

Corrosive! Causes severe burns to eyes and skin. Contains sodium hydroxide and sodium hypochlorite. Avoid contact with skin and eyes. Protect eyes when handling. For skin contact, flush thoroughly with water; for eye contact, flush thoroughly with water for at least 15 minutes. Get medical attention immediately. Consult the product's Safety Data Sheet (SDS) for complete safety information.

NOTE

AFCO 5333 is U.S.D.A. acceptable for use in federally inspected meat, poultry and food processing plants.
