## Foamight (AFCO 8509)

### GENERAL DESCRIPTION

Foamight (AFCO 8509) is a liquid general-purpose cleaner developed to effectively remove food processing soil without corroding soft metal equipment. Product contains a small percentage of penetrants, solvent and silicates which provide excellent oil and grease emulsification and removal. No other additives are needed for general purpose cleaning; however, if heavy protein soil or buildup is to be removed, the addition of Chlorilizer Plus (AFCO 0251) boosts cleaning efficiency. Thorough rinsing is required to prevent silicate film on the surfaces of equipment which is very hard to remove once there.

### PHYSICAL PROPERTIES

Appearance	:	Clear, fluorescent green liquid
pH (as is)	:	>12
Specific Gravity	:	1.07
Solubility	:	Excellent
Foaming	:	Excellent
Wetting Ability	:	Excellent
Rinsing	:	Complete

### APPLICATIONS

For all industrial and food plant cleaning. Use in steam gun, pressure sprayers, soak tank or apply by brush, mop or sponge.

### USAGE & SAFETY

Designed to clean heavy grease areas. Works well on petroleum grease and difficult areas such as overhead rails, tracks, walls, floors, etc. Product is safe on all surfaces, as well as soft metals.

### PACKAGING

55 Gallon Drum 488 lbs. net weight.  
275 Gallon Tote 2,439 lbs. net weight.
